Mayor, City of Fresno

s/Francine M. Farber
President, League of Women Voters of Fresno

(No arguments against Measure Q were submitted)

Tax Rate Statement

An election will be held in the Fresno Unified School District (the "District") on November 2, 2010, to authorize the sale of up to \$280,000,000 in bonds ("2010 Bond Authorization") of the District to finance school facilities as described in the measure. If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400-9404 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on a projection of assessed valuations, is \$40.92 per \$100,000 of assessed value for fiscal year 2011-12.
2. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on a projection of assessed valuations, is \$60.00 per \$100,000 of assessed value for fiscal year 2018-19.
3. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on a projection of assessed valuations, is \$60.00 per \$100,000 of assessed value for fiscal year 2018-19.
4. The tax rates associated with the 2010 Bond Authorization, combined with the District's outstanding obligations, are estimated to not increase aggregate future tax rates above the projected 2010-11 tax rate.
